Important Information About Entering Into A Payment Plan To Pay Tuition Fees By Instalments

1. Payment Plans are for 2022 Tuition Fees Only

Marcellin College uses the College Community Portal to collect your tuition fee payment intentions. Any amounts owing other than 2022 tuition fees do not form part of your Payment Plan and are overdue now unless an alternative payment arrangement has been made with the College.

2. Change of Payment Plan

Payment Plans can be changed or revoked at any time by contacting the Marcellin Finance Office 48 hours prior to the next instalment due date.

3. Defaulting on a Payment Plan

In accordance with the Conditions of Enrolment, Parents/Guardians who are not up to date in paying their fee instalments and who have not entered into an acceptable alternative payment arrangement will be considered in default and the College may enforce its legal rights for payment of the balance of annual fees owing.

4. Discounts Available

Discounts on the 2022 tuition fees are offered depending on the payment plan and payment method used. Please note the following with regards to discounts

- The discounts offered in 2022 apply to the 2022 academic year only and may be subject to change in future years;
- Entitlement to a fee discount exists once the last instalment is paid. Recipients of a 2022 College bursary will not be entitled to receive any discount in 2022;
- Any account with an overdue balance at the end of 2021 will not be entitled to a discount in 2022 unless the overdue balance is fully paid by the time the final instalment of 2022 tuition fees is paid; and
- Discounts are issued as a reduction of the final fee payable or as a credit to the account and provided all instalments of the nominated payment plan are paid by their due date.

5. Confidentiality

All family financial information is kept confidential and available to Marcellin Finance Office staff only. No family financial information is disclosed, without a family's prior knowledge, to any other party other than the financial institution executing agreed payment transactions.

Credit Card details are held securely by a Financial Institution and not held by the College. As the College Community Portal does not store bank account details with a Financial Institution, bank account details are stored securely by the College.
